**Subject:** Family History Consultant training Every sunday

Since we have only 90 days to get all the Consultants trained in the Heber valley (abt 48) there will be WEEKLY consultant training every sunday at 6:30 PM at the Heber FHC training room

My monthly classes started at 5PM, I will move them to 6:30 PM on the 3rd sundays of the month to be consistent with the other classes on the 1st, 2nd, and 4th sundays taught by Jenny Clawson.

All consultants need to be trained and RETURN AND REPORT to the consultant.familysearch.org web site. When sufficient number of consultants have finished training, then is when the stakes will be "go live" at the Provo Temple. This means that all members in a stake will be able to register on NFS (New Family Search).

So we encourage all consultants to come and learn from each other on what we need to do and how to do it. Every Sunday at 6:30PM at the Heber Family History Center, 495 S 200 W Heber

Thanks

doug thompson
